

New Roots Nursery & Shop

We have wide selection of trees, plants, shrubs & flowers. In stock are all of the native Cypriot plants and trees like the Cyprus Jasmin, Honeysuckle, Cyprus geraniums (tall) herbs etc. We aim to preserve and promote the traditional Cypriot plants and to introduce new species that will compliment the existing ones .

We have large selection of Cacti and succulents plus an excellent display of indoor plants and all the climbing varieties like Morning Glory, Passion flower and Roses.

Fruit trees include all the favourite Cyprus citrus varieties, olive trees and grape vines. Other fruit trees available at regular intervals or by order are apple, pear, apricot, peach, kumquat, Fig, Pomegranate, Mespilia, Walnut, Almond ,Avocado & even Lychee.

Experienced staff is always available to give advice about the suitability of the plants for the location that they will be planted in. Climate changes in Cyprus can be very dramatic. This can mean the difference between a healthy thriving plant and plant death within relatively short distances. Coastal gardens also have some special requirements that need to be considered before purchase. A selection of some of our plants and trees can be viewed in the photo gallery section Plants and Trees. The Garden Accessories shop is situated within the nursery. In stock are all of the basic materials for creating a garden like lava, gravel, soil, membrane irrigation system pipes, timers, garden tools, trellis, arches and more.

The plant pot section has hundreds of styles and sizes of pots made from materials including terracotta, glazed and unglazed, plastic, hand made pots and antique Cypriot pitharia.

For those all important finishing touches there is an exciting and unique collection stone statues, animals, seating, birdbaths, fountains and decorative columns. NEW ! As from June 2009 we now stock Cactus & Succulents gravel for drainage and decoration in small handy bags.
